## PART I—Section 1

**Notifications relating to Non-Statutory Rules, Regulations and Orders and Resolutions issued  
by the Ministries of the Government of India (other than the Ministry of Defence) and by  
the Supreme Court**

**OFFICE OF THE SECRETARY TO THE PRESIDENT**

*New Delhi, the 12th July 1955*

**No. 19-Pres./55.**—The President has been pleased to award the President's Police and Fire Services Medal for gallantry to the undermentioned officers of the Fire Services Branch of the State of Andhra.

**Names of the Officers and ranks**

1. Shri Vasunaidu Venugopal, Fireman Driver No. 887, and
2. Shri Taddi Subba Rao, Fireman Driver No. 376 (Officiating).

**Statement of services for which the decorations have been awarded**

River Pennar at Nellore was in heavy flood on the 20th and 21st October 1954, and by the morning of the 22nd October 1954 the water-level had risen to about 18 feet and with a further heavy downpour the river was in full spate. Most of the people living in the low lying areas near the flood bank and on the bunds had evacuated. Two Yenadi families consisting of five males and three females were living in three huts on a little elevated land about a furlong northwards from the flood bank. When they awoke on the morning of the 22nd October 1954, they found themselves stranded, hemmed in by rushing water on all sides. They tried their best to make good their escape but in vain. First they climbed on to the roofs of their huts but when they found that these were near collapsing they took refuge up a nearby tree and, panic-stricken, shouted for help. It was about 10 A.M. when a passer-by seeing their sad plight informed the local police. The Fire Service at Nellore was called in for rescue operations. By the time the rescue party arrived, the flood level was increasing rapidly and it was feared that the tree on which the 8 persons were stranded, would be uprooted and washed away in the swift current. Some snakes also were seen perched on the trees. It looked as though it would be impossible for anyone to swim across the fast rising current of water to rescue these stranded men and women. Fireman Driver Vasunaidu Venugopal and Fireman Driver Taddi Subba Rao, however, volunteered to go across with an inflated motor tube. At great personal risk they swam the distance of one and a half furlongs. When Fireman Driver Venugopal reached the tree, he persuaded Pedur Seshiah, aged 55, to get down from the tree. He then tied him to the motor tube and holding the motor tube with one hand, started swimming with the other. This rescue operation was particularly difficult as he had to avoid several thorny bushes and trees which might puncture the tube. He swam a distance of about two furlongs before he could bring the old man safely to the bund. After a short rest he entered the river again with the motor tube and also with a life belt, which had meanwhile been secured. He then rescued an old woman Yellampalle Audi, aged 50, to whom he tied the life belt. Her rescue was especially difficult as in the middle of the river she got thoroughly nervous on account of moving objects and snakes. He however swam boldly towing her a distance of two furlongs and deposited her on the bank. The third time he rescued Pedduru Venkatasubbiah, aged 25. By this time the river had risen another three feet and as the life belt developed a puncture it could not be used. Unmindful of the absence of the life belt, Fireman Driver Venugopal swam across with the motor tube only. In this, his last trip, with great presence of mind and at great risk to his own life, as he was well nigh exhausted, he rescued two persons Chenchiah and Seshamma both aged 16, whom he tied to the tube and then punted across the river. He thus rescued five persons in four trips swimming in all a distance of fourteen furlongs on rescue operations which lasted five hours. During this period Fireman Driver Taddi Subba Rao had also made three trips to the tree. On the first of these he persuaded Y. Chinniah, aged 50, to climb down, and after tying him to the motor tube and himself holding the tube with one hand and swimming with the other covered the distance of two furlongs, carefully avoiding the thorny bushes, and then deposited him safely on the bund. After a little rest he again entered the river with the motor tube, and similarly rescued Pudduru Seethamma aged 16. This time the rescue operation was made difficult as the life belt tied to her was punctured in the water. He, however, managed to bring her safely to the river bank. For the third time, in spite of the great fatigue involved in the

earlier two operations, he went into the river and rescued Yellampalle Chenchiah, aged 40. The total distance swum by him in this flood swollen river was ten and a half furlongs and he worked at these hazardous operations for five hours.

Both Fireman Driver Vasunaidu Venugopal and Fireman Driver Taddi Subba Rao displayed conspicuous gallantry, presence of mind and commendable devotion to duty in utter disregard of their own safety.

2. These awards are made for gallantry under Rule 4(i) of the Rules governing the award of the President's Police and Fire Services Medal and consequently carry with them the special allowance as provided in Rule 5.

P. D. DESHMUKH,  
Secretary to the President.
